

## CURRICULUM VITAE

**Jeffrey L. Segar MD**

**Professor  
Department of Pediatrics  
Division of Neonatology**

### **OFFICE ADDRESS:**

Children's Wisconsin - Milwaukee Hospital  
8915 W Connell Court  
Milwaukee, WI 53226

### **EDUCATION:**

1978 - 1980 Cornell University, Ithaca, NY  
1980 - 1982 B.S Zoology, University of Wisconsin, Madison  
1982 - 1986 M.D. Medicine, University of Wisconsin, Madison

### **POSTGRADUATE TRAINING AND FELLOWSHIP APPOINTMENTS:**

1986 - 1989 Residency, Pediatrics, University of Iowa, Iowa City, IA  
1989 - 1992 Fellow, Neonatology, University of Iowa, Iowa City, IA

### **FACULTY APPOINTMENTS:**

11/1992 - 06/1998 Assistant Professor of Pediatrics, University of Iowa, Iowa City, IA  
07/1998 - 06/2004 Associate Professor of Pediatrics, University of Iowa, Iowa City, IA  
07/1999 - 2006 Medical Director, Pediatric ECMO Service, University of Iowa, Iowa City, IA  
07/2002 - 12/2002 Visiting Associate Professor, Department of Physiology and Pharmacology, University of New South Wales, Sydney, Australia  
07/2004 - 04/2019 Professor of Pediatrics, University of Iowa, Iowa City, IA  
01/2006 - 12/2016 Director, Division of Neonatology, University of Iowa, Iowa City, IA  
05/2011 - 04/2019 Director, Iowa Statewide Perinatal Care Program, Iowa Department of Public Health, IA  
04/2013 - 04/2015 Vice Chair for Education, Pediatrics, University of Iowa, Iowa City, IA  
04/2019 - Present Professor, Associate Chair, Pediatrics, Medical College of WI, Milwaukee, WI  
11/2019 - Present Chief (Interim), Division of Adolescent Medicine, Medical College of WI, Milwaukee, WI

### **EDUCATIONAL ADMINISTRATIVE APPOINTMENTS:**

1993 - 1995 Mentor for Undergraduate Scholar Assistantship Program, University of Iowa  
1993 - 1998 Pediatric Therapy 090: 242 (1 lecture, 3 h), Biannual seminars in neonatal physiology, University of Iowa  
1996 - 1997 Mentor for Undergraduate Scholar Assistantship Program, University of Iowa  
1997 - 1998 Facilitator, Foundations for Clinical Practice, Case-Based Learning I (CBLI), Fall, 1997, University of Iowa  
1998 - 1999 Clinician Mentor, Introduction to Clinical Disciplines, University of Iowa  
1999 - 2010 Seminars on shock, resuscitation, neonatal pharmacology and ECMO for NICU nurse practitioners, University of Iowa  
1999 - Present Lectures in Pediatric Residents Core Lecture Series, University of Iowa  
2000 - 2001 Facilitator, Foundations for Clinical Practice, Case-Based Learning I (CBLI), University of Iowa  
2001 - 2002 Clinician Mentor, Foundations of Clinical Practice, Spring 2002, University of Iowa  
2003 - 2004 Facilitator, Foundations for Clinical Practice, Case-Based Learning II (CBLII), Spring 2004, University of Iowa  
2004 - 2005 Facilitator, Foundations for Clinical Practice, Case-Based Learning II (CBLII), Spring 2005,

University of Iowa  
 2005 - 2006 Facilitator, Foundations for Clinical Practice, Case-Based Learning II (CBLII), Spring 2006, University of Iowa  
 2006 - 2007 Facilitator, Foundations for Clinical Practice, Case-Based Learning II (CBLII), Spring 2007, University of Iowa  
 2010 - 2011 Facilitator, Foundations for Clinical Practice, Case-Based Learning II (CBLII), Spring 2011, University of Iowa  
 2011 - 2012 Facilitator, Foundations for Clinical Practice, Case-Based Learning II(CBLII), Spring 2012, University of Iowa  
 2012 - 2013 Facilitator, Foundations for Clinical Practice, Case-Based Learning II (CBLII), Spring 2013, University of Iowa  
 2013 - 2014 Facilitator, Medicine and Society I, Fall 2013, University of Iowa  
 2013 - 2014 Facilitator, Medicine and Society II, Case-Based Learning II(CBL II), Spring 2014, University of Iowa  
 2014 - 2015 Facilitator, Medicine and Society II, Case-Based Learning II (CBL II), Spring 2015, University of Iowa  
 2014 - 2015 Facilitator, Medicine and Society I, Fall 2014, University of Iowa  
 2015 - 2019 Annual Lecturer, MOHD 3 course. “Fetal and Transitional Physiology”, “Fetal Toxicology and Teratogens”, University of Iowa  
 2015 - 2016 Facilitator, Medicine and Society II, Case-Based Learning II (CBL II), Spring 2016, University of Iowa  
 2016 - 2017 2016-2017 Facilitator, Medicine and Society II, Case-Based Learning I (CBL II), Spring 2017, University of Iowa  
 2017 Facilitator, Medicine and Society II, Case-Based Learning I CBL I), Fall 2017, University of Iowa

**HOSPITAL AND CLINICAL ADMINISTRATIVE APPOINTMENTS:**

1990 Attending Neonatologist, Pediatrics, Neonatology, University of Iowa  
 1995 - 1996 Attending physician, Pediatrics, Pediatric ICU, University of Iowa  
 1995 ECMO Neonatologist, Pediatrics, Neonatology, University of Iowa  
 1998 - 2006 Medical Director, ECMO Program, Pediatrics, Neonatology, University of Iowa  
 2019 - Present Attending Neonatologist, Pediatrics, Neonatology, Medical College of Wisconsin

**SPECIALTY BOARDS AND CERTIFICATION:**

<u>Board Certified</u>	<u>Issue Date</u>	<u>Expiration</u>
	1989	None

<u>Certificates</u>	<u>Issued By</u>	<u>Issue Date</u>	<u>Expiration</u>
Neonatal-Perinatal Medicine		1993	None
Recertification, Neonatal-Perinatal Medicine		2000	None
Recertification, Neonatal-Perinatal Medicine		2007	None
Recertification, Neonatal-Perinatal Medicine		2017	None

<u>Licensure</u>	<u>Number</u>	<u>Issue Date</u>	<u>Expiration</u>
Iowa, Permanent	#26987	1989	None
Wisconsin, Permanent	#70551-20	2019	None

**AWARDS AND HONORS:**

1986 Graduated with Honors, University of Wisconsin School of Medicine  
 1989 - 1990 Training Grant, American Heart Association, Iowa Affiliate, IA-89-F-9  
 1990 - 1993 Individual National Research Service Award, NIH, F32 HL-08170

1998 - Present , Included in Best Doctors in America  
2004 - Present , Included in Guide to America's Top Pediatricians  
2015 Founders Award, Midwest Society for Pediatric Research

**MEMBERSHIPS IN HONORARY AND PROFESSIONAL SOCIETIES:**

1986 - Present American Academy of Pediatrics (Member )  
1994 - Present Midwest Society for Pediatric Research (Member)  
1995 - Present Society for Pediatric Research (Member)  
1995 Council for High Blood Pressure Research (Fellow)  
1997 - Present Perinatal Research Society (Member)  
1998 - Present American Physiological Society (Member)  
2005 - Present American Pediatric Society (Member )  
2008 - 2009 Perinatal Research Society (President)  
2011 - 2019 Iowa Statewide Perinatal Care Program (Director)  
2016 - 2017 Midwest Society for Pediatric Research (President )

**EDITORSHIPS/EDITORIAL BOARDS/JOURNAL REVIEWS:**

Editorship

1998 - Present Editorial Board, American Journal of Physiology: Regulatory, Integrative & Comparative Physiology.

Ad-Hoc Reviewer

1998 - Present Journal of Applied Physiology, Journal of Developmental Pharmacology & Therapeutics, Pediatric Nephrology, Pediatric Research, J Physiology, Neonatology, Life Sciences, others

1998 - Present American Journal of Physiology (Heart Circ Physiol), Archives of Pediatrics & Adolescent Medicine, Brain Research, Cardiovascular Research, Circulation, Circulation Research, Hypertension,

**LOCAL/REGIONAL APPOINTED LEADERSHIP AND COMMITTEE POSITIONS:**

2003 - 2019 Research Committee, University of Iowa  
2003 - 2006 Admissions Committee, University of Iowa  
2003 - 2004 Commercial Payors Contracting Committee, University of Iowa  
2004 - 2005 Review and Search Committee for Head, Department of Surgery, University of Iowa  
2005 Department of Psychiatry Departmental Review, University of Iowa  
2005 - 2011 Executive Committee, University of Iowa  
2006 - 2011 Physicians Finance Committee, University of Iowa  
2008 - 2009 Department of Microbiology Departmental Review, University of Iowa  
2008 - 2012 Executive Director, Search Committee, University of Iowa Children's Hospital  
2009 - 2019 Medical Student Appeals Committee, University of Iowa  
2009 - 2011 Admissions Committee, University of Iowa  
2011 - 2012 Search Committee for Head, Department of Emergency Medicine, University of Iowa  
2011 Committee Member, Department of Otolaryngology Departmental Review, University of Iowa  
2013 - 2019 Participant, Community & STEM Education Programs, University of Iowa – meet with high school students several times a year to provide overview of pediatric medicine, University of Iowa  
2014 - 2015 Search Committee for Head, Department of Anesthesia, University of Iowa  
2016 - 2019 Continuing Medical Education Committee, University of Iowa  
2016 - 2018 Admissions Committee, University of Iowa

**RESEARCH GRANTS/AWARDS/CONTRACTS/PROJECTS:**

**Active**

**Peer Review**

Title:	Fenoldopam to prevent renal dysfunction in indomethacin treated preterm infants
Source:	NIH
Role:	Co- Investigator
PI:	(Relinquished PI as of 04/01/2109 due to relocation)
Dates:	08/2018 - 09/2020

Direct Funds: \$275,000 (R21)

**Non-Peer Review**

Title: Physiological approach to sodium supplementation in preterm infants  
Source: Thrasher Research Fund  
PI: G. Sokol  
Dates: 03/2019 - 09/2021  
Direct Funds: \$400,000

**Prior**

**Peer Review**

Title: Regulation of Arterial Baroreflex During Development  
Source: NIH  
PI: J.L. Segar  
Dates: 03/1993 - 02/1998  
Direct Funds: \$450,419 (K08)

Title: Ontogeny of the Sympathetic Control of Circulation  
Source: AHA  
PI: J.L. Segar  
Dates: 07/1995 - 06/1998  
Direct Funds: \$119,883 (Grant-in-Aid 9501289)

Title: Glucocorticoids and Reflex Control of Autonomic Functions  
Source: AHA  
Role: Support relinquished 3/1/99 due to overlap with NIH HL59939  
PI: J.L. Segar  
Dates: 01/1998 - 12/2001  
Direct Funds: \$74,791 (Established Investigator Award 9740067N)

Title: Ontogeny and Hormonal Control of Cardiac NADH shuttles  
Source: NIH  
Role: Co-investigator  
PI: T.D. Scholz, M.D.  
Dates: 01/1998 - 12/2001  
Direct Funds: \$350,000 (R29)

Title: Regulation of the Sympathetic Excitatory Response at Birth  
Source: NIH  
PI: J.L. Segar  
Dates: 04/1998 - 03/2002  
Direct Funds: \$699,842 (R01)

Title: Fetal Cardiac Hypertrophy: Vascular/Metabolic Adaptation  
Source: NIH  
PI: J.L. Segar  
Dates: 07/2001 - 06/2005

Direct Funds: \$1,000,000 (R01)  
 Title: Early Postoperative Apoptosis After Cardiac Surgery In the Neonate  
 Source: AHA  
 PI: C.A. Caldarone  
 Dates: 01/2002 - 12/2006  
 Direct Funds: \$260,000 (Scientist Development Grant)

Title: Kidney Development during Normal and Pathological  
 Source: NIH University of Iowa subcontract with Univ. of Virginia  
 Role: Co-investigator  
 PI: J.R. Robillard  
 Dates: 04/2002 - 03/2007  
 Direct Funds: \$770,344 (P50)

Title: Ontogeny and Hormonal Control of Cardiac NADH shuttles  
 Source: NIH  
 Role: Co-investigator  
 PI: T.D. Scholz, M.D.  
 Dates: 04/2003 - 03/2007  
 Direct Funds: \$1,100,000 (R01)

Title: Fetal Programming of Coronary Artery Disease  
 Source: NIH  
 PI: J.L. Segar  
 Dates: 05/2003 - 04/2006  
 Direct Funds: \$285,000 (R21)

Title: Mechanisms of Cardiac Remodeling in Offspring of Diabetic Mothers  
 Source: NIH  
 PI: T. D. Scholz  
 Dates: 02/2006 - 11/2010  
 Direct Funds: \$200,000 (R01)

Title: Regulation of Fetal Myocyte Development  
 Source: NIH  
 PI: J.L. Segar  
 Dates: 01/2007 - 12/2011  
 Direct Funds: \$250,000 (R01)

Title: Multi-Center Trial of Limiting PGY 2 & 3 Resident Work Hours on Patient Safety  
 Source: NIH  
 PI: J.L. Segar  
 Dates: 09/2012 - 01/2018

**Non-Peer Review**

Title: A Phase 2 Multicenter, Single Dose, Randomized, Double Blind, Placebo Controlled, Parallel Group Study

	Evaluating the Safety and Efficacy of Two Doses of Stannosporfin in Combination with Phototherapy in Neonates
Source:	InfCare Pharmaceutical Corp
PI:	J.L. Segar
Dates:	2014 - 2016
Title:	Statewide Perinatal Care Program
Source:	Iowa Department of Public Health
Role:	Program Director
Dates:	10/2017 - 09/2018
Direct Funds:	\$344,253

#### **INVITED LECTURES/WORKSHOPS/PRESENTATIONS:**

##### **National**

Mechanisms regulating arterial baroreflex during development. Brody Memorial Colloquium on Brain, Body Fluids and Blood Pressure, University of Iowa Cardiovascular Center, 10/1992

Birth related changes in renal sympathetic nerve activity. Brody Research Colloquium on Brain, Body Fluid Balance and Blood Pressure., University of Iowa Cardiovascular Center, 10/1993

Role and regulation of angiotensin type 1 receptors in pressure overload induced cardiac hypertrophy in fetal sheep, Aspen Conference on Perinatal Research, 09/10/1996 - 09/12/1996

Ontogeny of arterial baroreflex function during development, FASEB Conference on Perinatal Regulation of the Cardiovascular System., Copper Mountain, Co, 08/17/1997 - 08/22/1997

Regulation of sympathetic activity at birth., Cornell University, 12/16/1999 - 12/17/1999

Regulation of sympathetic responses at birth., FASEB Conference on Perinatal Regulation of the Cardiovascular System., Copper Mountain, CO, 06/04/2000 - 06/09/2000

Fetal origins of adult disease, Committee on Research, American Academy of Pediatrics, Chicago, IL, 06/16/2001

Regulation of autonomic responses at birth, University of Texas, San Antonio Department of Physiology Research Conference., 10/29/2001

Fetal origins of adult diseases, University of Michigan, Department of Pediatrics Grand Rounds., 02/07/2002

Role of glucocorticoids in fetal and neonatal neural control of the circulation, FASEB Summer Research Conference on Neural Control of the Circulation, Snowmass, CO, 07/25/2004 - 07/29/2004

Programming of coronary artery dysfunction., Fetal Physiology Satellite Symposium; 2005 Annual Meeting of the Society for Gynecological Investigation., Los Angeles, CA, 03/23/2005

Glucocorticoids and cardiovascular development: Perturbing the fetal environment., Jerry Elliott Memorial Lectureship, South Central Conference of Perinatal Research, Austin, TX, 10/25/2005 - 10/27/2005

Cardiovascular Development: Role of glucocorticoids, Jerry Elliott Memorial Lectureship, Midwest Conference of Perinatal Research., College Corner, OH, 09/19/2006 - 09/21/2006

Developmental Origins of Adult Disease., The Gilbert-Barness Lectureship, Departments of Pathology and Pediatrics, University of Wisconsin, Madison, WI, 05/03/2007

Developmental Origins of Coronary Artery Disease., Western Pharmacology Society Annual Meeting, Waikoloa, HI, 01/28/2008

Intrauterine Development Programs Cardiovascular Disease, Grand Rounds, Indiana University Department of Pediatrics., 02/12/2009

Intrauterine Development Programs Cardiovascular Disease, Department of Pediatrics, University of Utah, 03/01/2010

Gestation Diabetes: Not a Sweet Deal for the Offspring., Department of Pediatrics, University of Utah, 03/02/2010

The biggest risk factor for coronary artery disease may be your mother, The Heart Research Center, Oregon Health & Sciences University, 03/10/2010

Neonatal Hemodynamics – does anybody know what is going on?, Department of Pediatrics, Case Western Reserve University., 03/26/2010

Gestational Diabetes – Long term effects on the offspring, Department of Pediatrics, Case Western Reserve University., 03/26/2010

Gestational Diabetes – Impact on the Offspring., Division of Neonatology Research Conference, Children’s Mercy Hospital., 05/07/2012  
Early Origins of Cardiovascular Disease: a neonatologist in a cardiologist’s world., Department of Pediatrics, Children’s Mercy Hospital, 05/07/2012  
Gestational Diabetes – Impact on Offspring Physiology., Jerry Elliott Memorial Lectureship, Midwest Conference of Perinatal Research, Chicago, IL, 09/10/2012  
Perinatal Influences on Heart Growth and Function, AAP 83rd Perinatal and Developmental Medicine Symposium., Marco Island, FL, 11/07/2013  
Gestational Diabetes: Cardiovascular Implications for the Offspring., AAP 83rd Perinatal and Developmental Medicine Symposium, Marco Island, FL, 11/08/2013  
Hyperglycemia and Sex Specific Cardiovascular Programming, Annual Meeting, American Society for Pharmacology and Experimental Therapeutics, San Diego, CA, 04/28/2014  
Sex Specific Programming of Hypertension, 2016 FASEB Science Research Conference., Big Sky, MT, 06/21/2016  
Salt and the Neonate: Friend or Foe., Central Conference on Perinatal Research., Hershey, PA, 09/26/2016  
Soggy or Dry – What’s the Most Appropriate?, NEO Conference, Orlando, FL, 02/23/2017  
Salt and the Neonate: Friend or Foe., Department of Pediatrics Grand Rounds. Children’s Hospital of Wisconsin, Milwaukee, WI, 03/03/2017  
Impact of Kidney Development on Postnatal Growth, 2018 Minnesota Neonatal Nutrition Conference., Minneapolis, MN, 10/05/2018

#### **International**

Regulation of sympathetic activity at birth, University of New South Wales, Department of Physiology and Pharmacology Seminar Program, 08/13/2002  
Programming Alters Reactive Oxygen Species Signaling in the Cardiovascular System., 5th International Congress on Developmental Origins of Health and Disease, Perth Australia, 11/06/2007  
Conference Leader and Speaker: “New Challenges in Advance of Neonatology”, Riga, Latvia, 08/14/2015 - 08/18/2015  
Conference on Clinical Neonatology, Issa Trust Foundation, Annotto Bay, Jamaica, 11/01/2015 - 11/04/2015  
Pediatric Education Conference, Ocho Rios, Jamaica, 07/18/2016 - 07/22/2016  
Ipokrates Seminar, Porto Portugal, 04/01/2019 - 04/02/2019

#### **COMMITTEE SERVICE:**

##### **Medical College of Wisconsin**

2019 - Present Advisor Committees Liaison, Social Determinants of Health

##### **Hospital**

1995 - 2008 Resident Education Committee, University of Iowa  
1998 - 2005 Resident Selection Committee, University of Iowa  
2005 - 2017 Promotions Advisory Committee, University of Iowa  
2005 - Present CMN Advisory Panel, University of Iowa Children’s Hospital  
2013 - 2019 Education Committee, University of Iowa

#### **PROGRAMMATIC DEVELOPMENTS:**

##### **Educational Programs**

###### **Student**

1992 - Present Neonatal Resuscitation and Pediatric Life Support Instructor

#### **NATIONAL COMMITTEES:**

1996 Moderator, platform session: Roles of peptides in the regulation of vascular tone during development, annual meeting of the Society for Pediatric Research

- 2004 Moderator, poster symposium: Fetal Programming of Adult Diseases, annual meeting of the Pediatric Academic Societies
- 2005 - 2016 Pediatric Academic Societies Abstract Selection Committee
- 2005 Moderator, Satellite symposium. The Prenatal Environment, Programming and Postnatal Consequences. Sponsored by IUPS and the American Physiological Society. March 29-31, 2005. San Diego, CA
- 2006 - 2010 Council, Perinatal Research Society (President 2008-2009)
- 2006 Moderator, poster symposium: Fetal Programming of Adult Diseases, annual meeting of the Pediatric Academic Societies
- 2007 Moderator, poster symposium: Fetal Programming of Adult Diseases, annual meeting of the Pediatric Academic Societies
- 2008 Moderator, poster symposium: Fetal Programming of Adult Diseases, annual meeting of the Pediatric Academic Societies
- 2010 Moderator, topic symposium: Fetal Programming of Adult Diseases, annual meeting of the Pediatric Academic Societies
- 2011 Moderator, Plenary Session III: Programming in the Preterm Infant. 7th World Congress on Developmental Origins of Health and Disease. September 18-21, 2011.
- 2011 Moderator, topic symposium: Fetal Programming of Adult Diseases, annual meeting of the Pediatric Academic Societies
- 2014 Moderator, topic symposium: Neonatal Cardiology, annual meeting of the Pediatric Academic Societies

#### **REVIEW PANELS:**

- 1998 Ad Hoc member NIH Human Embryology and Development Study Section (HED-1)
- 2001 Member, National Institute of Child Health and Human Development Special Emphasis Panel (ZHD1 MCHG-B)
- 2003 Ad Hoc member NIH Pregnancy and Neonatology Study Section (PN1)
- 2004 Ad hoc member, American Heart Association Peer Review Committee, Cardiovascular Development
- 2004 Member, National Institute of Environmental Health Sciences Special Review Panel (ZRG1 EMNR-J50)
- 2005 - 2008 Ad Hoc reviewer, Canadian Institutes of Health Research
- 2006 - 2007 Ad Hoc reviewer, Australian National Health Medical Research Council
- 2008 - 2010 Member, Canadian Institutes of Health Research Clinical Investigation - Committee A
- 2009 Ad Hoc member NIH Pregnancy and Neonatology Study Section (PN1)
- 2013 Ad Hoc member NIH Pregnancy and Neonatology Study Section (PN1)
- 2015 Member, National Institutes of Health Special Emphasis Panel (ZRG1 EMNR -W55)
- 2016 Member, National Institutes of Health Special Emphasis Panel (ZRG1 EMNR -B(02)M)
- 2017 Member, National Institutes of Health Special Emphasis Panel (ZRG1 EMNR -S(02))
- 2018 Reviewer, Canadian Institutes of Health Research Clinical Investigation - Clinical Investigation A Committee
- 2019 Member, National Institutes of Health Special Emphasis Panel (ZRG1 EMNR -S(55))
